

Esade Academic Merit Awards

At Esade, we value effort and talent. That's why we offer **Academic Merit Awards** to students who demonstrate outstanding academic performance.

These awards can cover between 25% and 100% of tuition fees and may apply for a duration ranging from **one academic year to the entire duration of the degree or double degree program**.

It is very important that you read this guidance information carefully first and have all the documentation ready to complete the application after being admitted.

We accept Awards Applications on a rolling basis until July 10th or while resources remain available. Therefore, we recommend candidates who meet the requirements to apply as they receive admission to the Programme and do NOT wait for final grades.

If you believe you have the potential and performance we are looking for, now is the time to take the next step!

Candidates General Requirements

- To be evaluated by the Undergraduate Academic Merit Awards Committee must have been admitted or conditionally admitted to the Programme.
- Outstanding academic performance, **with a grade of 9/10 or higher, or the equivalent in international education systems at the time of admission.**
- Completing the Award Application form with a personal essay: **"Why should I be selected to receive an Academic Merit Award?"**
- Upload any supporting documents you consider relevant.

Awards selection criteria

- Evaluation of **Award Essay** and Award application supporting documents.
- Information provided in the **admission application**, the **award application**, the **personal essays**, and the candidate's profile in general **at the time of being admitted**.
- Awards are assigned at the discretion of the Academic Merit Awards Committee.
- Obtaining **the minimum grade to qualify for an award does not guarantee that the award will be assigned**. The number of Awards is limited and will be subject to available resources at the time of the resolution of the request.
- The Undergraduate Academic Merit Awards Committee **will NOT reevaluate allocations after a certain award has been conceded**.
- Due to confidentiality and integrity standards, we regret to inform you that individual feedback may not be considered.
- You will not be able to change your application once it is submitted.
- You will only be able to re-apply for an Esade Academic Merit Award in the same academic year if, after receiving a negative response, your academic record shows a substantial improvement, and the average of the last two years meets the minimum requirements.

Award Decision

- The awards evaluation process may take some time as the Academic Merit Awards Committee needs to meet to decide on your application.
- The **validity of the award will be associated with the deadline for the reservation of the place at the time of notification of the award**. Once this date has expired, an extension of the validity of the award cannot be ensured.
- Awards decisions will be communicated in a separate e-mail once the candidate application is reviewed, and a decision is made.
