Short Bio:

Jenny Vu is a Ph.D. candidate in Finance at Esade Business School. She holds a Master of Research in Management Science (Finance specialization) at ESADE Business School, an MBA (specialization in Finance) from National University of Singapore (NUS), and a BBA (double major in Finance & Marketing, and minor in Technopreneurship) from National University of Singapore (NUS). Before pursuing an academic career, she was a finance professional with 12 year working experience in Singapore in various multi-national corporations in various industries, such as being an Asia Pacific Business Management Lead at Hewlett Packard, and a Financial Controller (Assistant Vice President) at DBS Bank in Singapore.

Her research interest include (but not limit to) sustainable finance (ESG, Corporate Social Responsibility), corporate finance, corporate governance and financial control, Fintech and digital banking, asset pricing and microeconomic topics.
