Advisor: Dr Jonathan Wareham

Research Group: IIK

Research Interests:

- Academic Entrepreneurship
- Technology Transfer
- Innovation Management
- Impact

Short Bio:

Elimar Vasconcellos is a Ph.D. candidate at the Institute for Innovation and Knowledge Management at Esade Business School. His academic trajectory includes a Master Degree in Innovation Management and Intellectual Property and a Bachelors Degree in Biological Sciences at the Universidade Federal de Minas Gerais – Brazil.

He is interested in studying how Science and Technology developed in universities and research centers positively impact society – including technology transfer, knowledge exchange, university-industry collaboration, partnerships with government and professional associations, impacts on culture, and others.

Before joining Esade, Elimar worked for 15 years in Innovation and Entrepreneurship consultancy for big firms such as Petrobras, Nestlé and Johnson & Johnson, governments, and universities. He's a founder and board member of Wylinka, a non-profit action tank that supports the development of the innovation and entrepreneurship ecosystem in Brazil and Latin America.
