Advisor: Dra. Ioana Schiopu

Research Group: GREF

Research Interests:

- Urban & Regional Economics
- Household Finance
- Real Estate

Short Bio:

Vicente is a Ph.D. candidate in Economics and Management at Esade Business School. He holds an MRes in Financial Economics from University College London (UCL), as well as an MSc and a BSc in Economics from the Universidad de Chile. Previously, he worked as a research assistant at the ESE Business School at the Universidad de los Andes (Chile) and at the Kellogg School of Management at Northwestern University (USA). His research agenda centers on three interrelated domains: urban and regional economics, household finance, and real estate.
