**Advisor:** George Chondrakis

---

**Research Group:** GRIE Research Group / Strategy and General Management Department

---

**Research Interests:**

- Entrepreneurial Financing
- Intellectual Property
- Startups and Entrepreneurs
- Venture Capital

---

**Short Bio:**

Xinli Shen is a PhD student in Strategy and General Management Department at ESADE Business School. She holds master's degree in finance and risk management from Columbia University. Before joining ESADE, she has worked as a strategy analyst in private equity and technology company, and has 3 years of teaching and curriculum development experience in higher education.

Her research interests center on entrepreneurial financing and intellectual property strategy. More specifically, she focuses on the intersection of innovation management, intellectual property protection, and venture financing decisions.
