

Global Governance & Law Experience

Which program should you choose? How do you make sure that the degree or double-degree program you choose will give you the career you want? You'll find answers to these questions and meet your future classmates.

Esade values excellent students, and the best way to show this is by rewarding and/or providing them with scholarships.

1. Awards for students with excellent grade point averages: an average GPA of 8 or above out of 10 (or equivalent grading system)

→ Students in the 1st year of the baccalaureate program (11th grade):

- a €1500 discount for the Summer School program (tuition fee)

→ Students in the 3rd and 4th of compulsory secondary school studies (9th and 10th grade):

- Discount: €1,000 for the Summer School

For each decimal point above an 8 GPA (or its equivalent), students will receive an additional €100 discount to even cover the entire tuition fee for Summer School classes.

How to apply: Forward your 3rd and 4th year (9th and 10th grade) transcript in English along with a letter of introduction.

2. Award for student volunteers (minimum of 40 hours/year) or who have won or been named finalists in innovation projects

→ Discount: €300

→ How to apply: Forward your latest grades (to check you successfully pass every class) and documentation regarding your volunteering activity (a certificate from the institution where you did your volunteering) or the innovation project (certificate indicating you were the winner or finalist).

3. Discounts for our undergraduate degree programs

If you take part in the Summer School program, we'll discount 50% of your Summer School tuition fee from the tuition fee for the first year of the undergraduate degree or double-degree program you study at Esade.

4. Free Esade Admissions Test

During the Summer School program, all participants can take our admissions test free of charge, implying a savings of €135.

5. Campaigns

We also organize other campaigns, and the winners can take part in the Summer School program for free: (1) Young & Talented; (2) Challenge; (3) Debate League; and the (4) Dialoga Award.

In addition, we offer our standard grants and scholarships

1. Esade Talent Scholarship: 50% of the undergraduate program tuition fee for students with stellar academic records but limited financial resources.
2. Discount for siblings: 10% when two siblings enroll in an undergraduate program
3. Discount for children of alumni: 20% if one of your parents is an Esade alum.

Please note: These awards and discounts can be combined but they cannot exceed 100% of the Summer School program's tuition fee.
