

Global Master's in Finance

Become a Global Strategist

Esade's Global Master's in Finance is a transformative 15-month journey designed for ambitious graduates who want to master financial theory while navigating the complexities of international business. This program blends rigorous academics with immersive global experiences in Hong Kong or Toronto (Schulich Business School - York University), preparing you to thrive in a fast-changing, interconnected world.

Your learning journey

CORE STRENGTH

Master financial theory while navigating the complexities of international business and discovering how economics, geopolitics, and culture intersect.

CORPORATE IMPACT

Collaborate on-site with leading multinational companies, tackling strategic projects that address real-world challenges in dynamic markets.

GLOBAL IMMERSION

Spend a transformative experience abroad in a leading global hub, combining an academic module at a top international business school with a hands-on business challenge.

CUSTOMIZATION

Craft your own path by selecting MBA electives, including an optional long internship, to fit your professional goals.

Career opportunities after the program

You'll be ready for high-impact roles worldwide—consulting, investment banking, financial services, and corporate strategy. Throughout the program, you will engage directly with corporate partners and recruiters, gaining visibility and building relationships that will accelerate your career. By the time you finish, you won't just be ready for the global job market—you'll be equipped to lead it.

Esade Difference

1. Global Immersion

Leave Barcelona and immerse yourself in one of the world's most dynamic financial hubs. Through an academic module at HKU Business School (Hong Kong University) or Schulich School of Business (York University), you'll explore local ecosystems, learn from expert faculty, and gain firsthand exposure to global finance. Then take on real business challenges for local firms in Hong Kong or Toronto, working in diverse teams and presenting your solutions directly to senior executives.

Thanks to this experience, you'll gain a competitive edge by learning to make smart decisions in global, real-world settings.

2. MBA Electives — including an optional internship

In your final term, you'll take full control of your Esade journey. Choose from a selection of MBA electives — including the option of an internship— to sharpen your expertise, align with your career goals, and gain real-world experience that makes your CV stand out before graduation.

3. CFA®, Bloomberg & ARPM Partnerships

Gain access to exclusive opportunities through Esade's partnerships with CFA®, Bloomberg, and ARPM. From CFA scholarships and Bloomberg certifications to ARPM Quant Bootcamp scholarships at NYU and AI-driven quantitative finance learning resources, these partnerships provide industry-recognized credentials, technical expertise, and valuable professional connections.

4. Finance Lab

Esade's Finance Lab gives students hands-on access to top financial platforms like Bloomberg, FactSet or Wharton Research Data Services (WRDS). It's a hub for research, certifications, and global competitions—placing Esade among Europe's leading finance labs.
