

Global Master's in International Management

Lead the Future of Global Business

Esade's Global Master's in International Management is a transformative 15-month journey designed for ambitious graduates who want to understand the world, not just read about it. This program blends rigorous academics with immersive global experiences in Hong Kong or Toronto (Schulich Business School - York University), preparing you to thrive in a fast-changing, interconnected world.

Your learning journey

CORE STRENGTH

Master the essentials of international management and deepen your expertise to understand how geopolitics, culture, and economics intersect.

GLOBAL IMMERSION

Spend a transformative experience abroad in a leading global hub, combining an academic module at a top international business school with a hands-on business challenge.

CORPORATE IMPACT

Work on strategic projects for top-tier multinationals, tackling challenges that reflect today's complex realities.

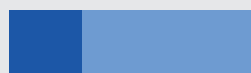

TAILORED FOR AGILITY

Choose from a wide range of electives, including MBA courses, and add an internship if you wish to gain professional experience before graduation.

Career opportunities after the program

From Strategic Consulting to fast-track programs in Multinationals, you will be prepared for roles that require a global mindset. Throughout the program, you will engage directly with corporate partners and recruiters, gaining visibility and building relationships that will accelerate your career. By the time you finish, you won't just be ready for the global job market—you'll be equipped to lead it.

Esade Difference

1. Global Immersion

Expand your horizons beyond Barcelona and experience the energy of the world's most dynamic innovation ecosystems.

GLOBAL MODULE

First stop: at HKU Business School (Hong Kong University) or Schulich Business School (York University), where you'll explore local ecosystems, learn from expert faculty, and visit leading companies to see global finance in action.

GLOBAL CHALLENGE

Put your skills into practice by tackling real business challenges for local firms in Hong Kong or Toronto, working in diverse teams and presenting your solutions directly to senior executives.

Thanks to this experience, you'll build a real competitive edge by learning how to make smart decisions in real-world, global settings while connecting with top academic partners in key hubs around the world.

2. MBA Electives with an optional internship

In your final term, you'll take full control of your Esade journey. Choose from a selection of MBA electives — including the option of an internship— to sharpen your expertise, align with your career goals, and gain real-world experience that makes your CV stand out before graduation.

3. Your Career, Without Borders

Our Esade Careers Team is your gateway to global opportunities. We'll connect you with top recruiters seeking mobile, multilingual talent ready to launch an international career.

Whether your goal is Tech, or Consulting, you'll receive tailored preparation to ace every step of the selection process and refine your personal brand—so you stand out in the most competitive global markets.

And from day one, you'll start building connections with an international cohort and Esade Alumni who are already shaping industries worldwide.
