

# 2025 Sustainability Week Curricular Activities

## Bachelor in Law

### 1st Year

---

#### DERECHO PENAL GENERAL

Faculty: Torraguitart Munuera, Guillem

This course examines the importance of environmental protection through the lens of criminal law, focusing on safeguarding the environment, particularly flora and fauna, by exploring the guiding principles underpinning criminal law in this context. Additionally, students will have the opportunity to hear the Environmental Prosecutor of Barcelona speak on this topic during Sustainability Week.

#### MACROECONOMÍA

Faculty: Domenech Ponsi, Josep

The session will focus on an activity and discussion about the circular economy.

### 2nd Year

---

#### CONTRATACIÓN PRIVADA

Faculty: Castineira Jerez, Jorge

Justice and Contractual Sustainability debate. In this class, we will address whether contracts, based on the principle of autonomy of will, can have any content desired by the parties, or if, in addition to respecting legal limits, contractual agreements should have a minimum content of justice, either in economic or social terms.

#### EJERCICIO JURÍDICO INTERDISCIPLINAR II

Faculty: Torraguitart Munuera, Guillem

Students will be invited to hear the Environmental Prosecutor of Barcelona speak on the topic of criminal law and its impact on environmental protection during Sustainability Week.

### 3rd Year

---

#### LEGAL ETHICS

Faculty: García Estruch, Ignacio

Practicing Law has ethical implications. In this class students will study and analyse the ethical aspects of Law and its practice.

### 4th Year

---

#### DERECHO PROCESAL PENAL

Faculty: Velazquez Vioque, David

Criminal law and its impact on environmental protection. During Sustainability Week, students will have the opportunity to hear and participate in a dialogue with the Environmental Prosecutor of Barcelona on this topic.
